PERSONAL PROFILE

I am excited to bring my expertise in collecting, cleaning, and analyzing any raw dataset and I can collect, clean, and interpret data sets to answer a question or solve a problem. I can help develop actionable strategic insights that will help your company grow. With my skills in statistical programming, Machine Learning algorithms and data visualization, I am confident I would be a great fit for the position. I have always been passionate about numbers and analytics, which led me to pursue a Certificates in Udacity Data Analysis Nanodegree, Data Science, Data Engineering and AWS Machine Learning.
I am passion to collect larger amounts of data during everyday operations then I can turn data into information using algorithms and machine learning. I am curious and enthusiastic about data and I have excellent communication skills to explain my findings to non-experts. I have excellent communication skills to present the data findings or translate the data into an understandable document and I can write and speak clearly, easily communicating complex ideas. After that I must look at the numbers, trends, and data and come to new conclusions based on the findings. I have attention to details for the data when I know the data is precise then I enable to make sure the datasets are vigilant in their analysis to come to correct conclusions using my mathematical skills to analyse data to be estimated numerical data. I have also acquired an excellent background knowledge in all aspects of IT, including hardware and software, most popular programming languages, Databases (Advanced SQL, MySQL, PostgreSQL and Oracle), NoSQL such as : MongoDB, Machine learning Algorithms with Skilearn, Python, R, Advanced Excel, Tableau, Power BI and many more.

EDUCATION AND QUALIFICATIONS

Tower Hamlets College **2011**
London, UK
*Computing Diploma – **Merit***

- **Subjects:** CompTIA A+, CompTIA N+, Networking and Data Communication; Cloud Computing, CCNA, CCNP, Network Security Fundament, Computing Mathematics – Logics, Data Modelling; Data Warehouse, Multimedia, Research project, Database (SQL, Microsoft Office 2019 - Intermediate / Advanced i.e., EXCEL and ACCESS); Programming Language and Paradigm, Microsoft Visual basic 2016) and Academic English.

SHB Secondary School **2001**

GCSEs: Mathematics A, Physics A, Chemistry A, Biology A, English A, Geography B and History B

EMPLOYMENT HISTORY

Picker, Amazon Fullfilment Centre, **03 June 2022 - Permanent**

BRS2 *Swindon Town, Wiltshire*

The responsibilities of an Amazon Associate:

- Receiving, checking and sorting the full range of Amazon's products entering the warehouse
- Picking, packing and shipping customer orders

- Abiding by all transportation laws and maintaining a safe driving record
- Providing excellent customer service, answering questions, and handling complaints from clients
- Preparing reports and other documents relating to deliveries
- Assisting with loading and unloading items from vehicles using hands, pump trucks or forklifts

Factory Worker - Mars Chocolate Factory **July 2005 – August 2006**

HYGIENE GROUP LTD, Slough

- Picking, packing, processing, recording, fork-driving, manual handling and working production line.

KEY SKILLS

- Enthusiastic, with the proven ability to respond positively to pre-determined targets and personal goals.
- Flexible and adaptable with the ability to work well under pressure, learn new skills quickly and to motivate others.
- Good eye/hand coordination
- Reliable, hard-working person who cares deeply about the customer and always puts safety first.
- Accuracy and attention to detail
- Customer Service Skills
- Data Input/Record Keeping
- Ability to meet the physical demands of the job
- Self-motivated, Reliability and dependability, ability to meet the physical demands of the job and upbeat and energised
- Extensive experience in a customer orientated environment where self-motivation, commitment, determination and decision making were essential to the overall team success.
- Excellent interpersonal skills which have been demonstrated whilst working in busy, pressurised environments.
- The ability to plan and manage own workload and meet strict deadlines with efficient time management skills.
- Fluent in English, French and Danish

Data Analysis Skills

- Data Analysis Using Microsoft Server SQL, Excel and Power BI, Python, Pandas with Jupyter Notebook and Data Warehousing
- Business Intelligence for Microsoft Server SQL and Power BI
- Microsoft SQL Server Reporting Services (SSRS) and Microsoft SQL Integration (SSIS)
- Microsoft Excel - Data Analysis and Analytics
- Data Analysis with Excel Pivot Tables and Microsoft Excel Reporting Dashboard
- Creating Microsoft Excel - Data Entry
- Data Modeling with Excel Power Pivot and Power Query
- Interactive Dashboards with Excel Pivot Tables & Pivot Charts
- Microsoft Office 365 and E-mail Systems
- Business Intelligence with Excel and SQL
- Practical PowerPivot & Dax Formulas For Excel
- Microsoft Excel - Creating Dynamic Dashboards

UDACITY - DATA ANALAYSIS NANODEGREE

- Data Analysis with Excel, Python and SQL
- Introduction to Data Analysis
- Practical Statistics
- Data Wrangling
- Data Visualization with Python, SQL and Excel

Projects: -

- **Investigate a Dataset**
- **Analyze Experiment Result**
- **Wrangle And Analyze Data**
- **Communicate Data Findings**
- **Explore Weather Trends – Greater London**

UDACITY - DATA SCIENTIST NANODEGREE

- Python Programming: Writing functions, logic, control flow, etc.
- Probability and Statistics
- Mathematics: Calculus and Linear Algebra
- Data Wrangling
- Data Visualization with Matplotlib and Seaborn
- Machine Learning: Feature Engineering, Supervised Learning and Unsupervised Learning:

Project: -

- **Data Science Capstone Project**

UDACITY - AWS MACHINE LEARNING FOUNDATIONS

- Introduction to Machine Learning
- Machine Learning with AWS using SageMaker and Jupyter Notebook
- Software Engineering Practices, Part 1
- Software Engineering Practices, Part 2
- Introduction to Object-Oriented Programming

Project: -

- **AWS Machine Learning Foundations Capstone Project**

Professional Certifications

- **Microsoft Certified Software Developer, Microsoft UK**
- **UDACITY - Data Analysis Nanodegree**
- **UDACITY - Data Scientist Nanodegree**
- **UDACITY - AWS Machine Learning Foundations**

Affiliations

- **Software Engineering – IEEE**
- **Institute of Software Engineering**
- **MCPS: Microsoft Certified Professional**
- **British Computer Society**
- **Udacity**
- **Datacamp**
- **Amazon Web Services (AWS)**

INTEREST

In my spare time, I enjoy driving, reading newspapers, watching BBC documentaries, BBC Newsnight, magazines and professional books (Coding Technology). I also enjoy writing, swimming, playing football, walking, cinemas and restaurants.
